

# (One of Those) Crazy Girls

Paramore

Now when you say you wanna slow down,  
Does it mean you wanna slow dance?  
Maybe you just want a little extra time  
To focus on our romance.

What do you mean I got it backwards?  
You know we're gonna be forever.  
Why are you tellin' me goodbye?  
Aren't you gonna stay the night?

Are we really over now?  
Maybe I can change your mind?  
Soon as you walk out my door,  
I'm gonna call a hundred times.

Now I walk under a pink sky (ooh),  
Lovers float along and pass me by.  
I pour my heart out to your voice mail,  
Let you know I caught a bus  
To your side of town.

And now I'm standing at your doorstep  
With Los Angeles behind me.  
If you don't answer I'll just use the key  
That I copied 'cause I really need to see you.

If you're not here when I break in,  
I'm gonna go to your closet,  
Just so I can smell your skin.  
As the chemicals swim,  
I know I'll never love again,  
I swear I'll never love again!

Baby, are we over now?  
Maybe I can change your mind?  
As soon as you walk out my door,  
I'm gonna call a hundred times!

I'm not one of those crazy girls,  
I'm not one of those crazy girls,  
I'm not one of those crazy girls,  
I'm not one of those crazy girls.

Hey, baby, are we over now?  
Maybe I can change your mind?  
As soon as you walk out my door,  
I'm gonna call a hundred times!

Baby, are we over now?  
Maybe I can change your mind?  
Soon as you walk out my door,  
I'm gonna call a hundred times!

Ooh-ooh-ooh-ooh.

Now I'm one of those crazy girls,  
Now I'm one of those crazy girls,

Now I'm one of those crazy girls,  
Now I'm one of those crazy girls.
