

# Hollow Man

Parkway Drive

Lie  
No more than shadows  
To be forgotten  
Fade away in time  
No more than shadow's their dreams will never come to pass  
Trapped by your web of ignorance  
Trapped by your web  
Your web of lies  
Too much pain  
Too much anguish already endured  
More fear than a person should feel in a single lifetime  
And they've come so far  
Given it all for this second chance  
One second chance at life  
Hollow man  
You've gone too far  
Secure in your safe little world  
You have no idea the amount of pain you cause  
Since when is a child a risk to your security?  
Your razor wire and red tape killed their dreams
