

## Belong To The City

PARTYNEXTDOOR

If I knew I was wastin' my time  
Would end up wastin' my time  
With all these shoulda coulda wouldas  
I'm in her ear one time  
Tryna tell her how I ride  
She heard it all  
I know she heard it all  
Girl I can change your life  
But you heard it all  
But you heard it all  
I'm from the city  
Where you ain't gotta love to love  
You ain't gotta love to fuck  
Girl, I'm just tryna say...  
I'm from the city  
So don't believe what they say  
Just believe what they do tell  
You can't tell these bitches nothing  
She belongs to the city  
They gone, they gone, they gone  
They was lookin' for nothing (somethin')  
She belongs to the city  
(Yeah you know)
