

# Welcome To The Party

PARTYNEXTDOOR

Yeah, it's Sauga at sunset  
Marijuana in the complex  
Sippin' Henny cause my heart's frozen  
Stunna' shades cause we all rollin'  
Fuck em' bitches, fuck em' niggas too  
Fuck em' niggas, what I got's to lose?  
Mix my drink with some lime  
Just to buy me some time  
Then I'm spending it all on you

You know me very well  
The coolest, oh...  
So only time will tell  
How we do this

The music keeps playing  
And your hearts starts jumping  
And your head keeps spinning  
Cause the bass keeps turning up  
It's 5 AM  
And you've just reached your all time high

Welcome to the party, welcome, baby, welcome...  
Welcome, baby, welcome, welcome to the party...  
Welcome, baby, welcome, whoa...  
Welcome...  
Baby welcome to... [x3]
