

## Bavarian Illuminati

### Pathology

Leaders of power gather around fire  
Planning a demise pf our blood  
Poisoning the food supply as  
the depopulation commence

Minimize your volatility  
Maximize your gain  
Our meetings in the woods  
Must end with sacrifices  
To the seeing eye for our  
reign is coming sooner than later  
Enter our new rituals of blasphemy  
Vast disagreements will end with pain

Now back at this altar  
with power in hands  
We see all as hostility sets  
in the masaoonry - peace not  
to be believed and darkness  
has befallen on us all  
now and ever
