

## Perfect Love

Patrice Rushen

Can you fill this need in me, I want a perfect love  
Satisfaction guaranteed, that's what I'm thinkin of (Is a perfect love)

I'm no stranger to affairs of the heart  
Without proper care they simply fall apart  
Summer, winter, springtime or fall  
I need a true romance, a man to give his all

Can you fill this need in me, I want a perfect love  
Satisfaction guaranteed, that's what I'm thinkin of (Is a perfect love)

I won't compromise my standards anymore  
If it's something less it's truly just a bore  
I've heard all is fair in love and war  
But I can't get to that, I want more than before

Can you fill this need in me, I want a perfect love  
Satisfaction guaranteed, that's what I'm thinkin of (Is a perfect love)

And that's the deal, do you know how I feel  
The perfect love  
And that's the deal, do you know how I feel  
The perfect love  
And that's the deal, do you know how I feel  
The perfect love

Hey I want more than before-perfect

Can you handle the love now baby, can you handle it woo  
Can you handle the love now baby, can you handle it woo  
Can you handle the love now baby, can you handle it woo
