

# Speeding Into The Dark

Patrice

I Think it's winter now coz it's already dark  
Can't tell by the temperatyre coz it's always warm  
Tidal waves, eruptions, plagues and thunder storms  
In times like this we cannot say we have not been warned  
But to turn back now we've come too far, So...

Chorus:

We're speeding into the dark  
What do you know ? keep on going  
Just press that foot on the gas  
What do you care ?  
Just keep on going

Oh beautiful world of mine  
What have i done to my paradise  
They say everything is gonna be alright  
Yeah damn sure it will  
See many men it will take to survice  
To prevail we must kill ?!  
And when this game is over  
And the last values have been sold out  
When the last fish the last tree are nomore  
Oh brotherman is it that you'll slow down

Chorus: (2x)

We're speeding into the dark  
What do you know ? keep on going  
Just press that foot on the gas  
What do you care ?  
Just keep on going

Just keep on going (4x)
