

# Turn Into the Noise

Patrick Watson

Stop

Can't you hear the noise  
Get out of the morning arms my dear  
And walk into the morning's light

Ah  
Turn in to the sound  
Need to get ourselves from going over  
Need to get ourselves from... Oh-  
Ah

Taking crazy hearts  
Oh, crazy hearts  
We gotta get out of here  
Take us out of here  
Taking crazy hearts  
Get us ot

I think it's time  
Turn into the noise

And leave our body  
And leave our bodies behind

I think it's time  
And leave our bodies behind

Turn into the noise  
Together we will be the light

Turn into the noise  
Together we will be the light

I think it's time  
Leave our bodies

Turn into the light

Together we'll be the noise

And turn into the flame  
We could be the light

And leave our bodies behind  
Won't you be my light  
Won't u be my light

Together we could be  
We could be the noise  
And we will be the noise

When we're together

Together we will be the light  
We will turn into a noise  
And leave these bodies behind
