

Turn out the Lights

Patrick Watson

Can someone turn out the lights
I'm not so sure everybody's seeing right

Can someone turn out the lights
I'm not so sure everybody's seeing right

Even in the way you try
We can see that your make up was running late last night

Has it been a while
Since you laid beside each other and watched the walls fall down

It's just a smiling crime
Everybody's got a little ugly hanging around

So why don't you come down
Sometimes you need a friend so you can see it right

In the best of times
In the best of times
In the best of times

Doesn't mean that you can't change your mind
Meant the world to me that you took the time

So we rise
So we rise

Into the arms of a gentle breeze

So we rise
And carry each other with some love sometimes

So we rise
Don't you know we were born a little blind

So we rise
Sometimes you need a friend so you can see it right

So we rise
It's just the skin we were born in
