

In My Life

Patti Austin

Although music is sweet
But the song incomplete
Now in my life,
Boy in my life
Something is missing

It's the truth, yes it's true
Still there's no me and you
Here in my life
Boy in my life
Something is missing

In my life there ain't no melody oh no
In my life there ain't no harmony
To let me sing a song
All I need is a cue when I'm waiting for you
Boy in my life
You are the melody
Coz in my life
You are the song

Baby, in my life
You are the song
You are my melody
To me baby, in my life
You are my song
