

## Christmas Bells

Patti Page

The Christmas bells are ringing  
The Christmas bells are ringing

The holly's at the windowpane  
I hear the children singing  
It's Christmas again  
The fireplace is glowing  
The stocking's on the Christmas tree  
Then suddenly it's snowing  
That's Christmas to me  
Chimes ring in the steeple  
Music fills the air  
Crowds of smiling people  
Greet you everywhere  
When I awake at seven  
I see you and the angels sing  
You are my gift of heaven  
When Christmas bells ring
