

## Down The Trail Of Aching Hearts

Patti Page

You told me I was your darlin'  
You kept me hangin' around  
Somebody else is your darlin'  
So lonesome and blue I'll be found

Down the trail of achin' hearts  
Where nobody hides their tears  
You sent me there where sadness starts  
Down the trail of achin' hearts

Once I was passing your window  
Under the light of a star  
Somebody else played my love song  
And played it on my old guitar

Down the trail of achin' hearts  
Where nobody hides their tears  
You sent me there where sadness starts  
Down the trail of achin' hearts

After you've had all your darlin's  
Maybe you'll be on the shelf  
One of these days, little darlin'  
Now you may be down there by yourself

Down the trail of achin' hearts  
Where nobody hides their tears  
You sent me there where sadness starts  
Down the trail of achin' hearts
