

Where Did My Snowman Go

Patti Page

..So I lit a little fire just to keep my snowman warm.
Did he slide back home to Snowland to become an Eskimo?
Where is my snowman?
Now there is no man.
Where did my snowman go?

...Has he gone to visit Rudolph, helpin' Santa through the snow?
Where did my snowman,
Where did my snowman,
Where did my snowman go?
I have sent a note to Santa. I am sure that he would know.
Where did my snowman,
Where did my ...

...children, but they said they didn't know.
Where did my snowman,
Where did my snowman,
Where did my snowman go?
Only yesterday, I met Jack Frost. I knew there'd be a storm,
So I lit a little bonfire just to keep my snowman warm.
Has he gone to visit Rudolph, helpin' Santa through the snow?...

...Where did my snowman,
Where did my snowman go?
Tell me, is he at the north pole?
No!
Well, then, is he at the South Pole?
No, no, no!
Where did my snowman go?
Did he slide back home to Snowland to become an Eskimo?
Where did my snowman,
Where did my snowman,
Where did my snowman go?
Did he kiss the Christmas fairy...?

... keep my snowman warm.
Did he slide back home to Snowland to become an Eskimo?
Where did my snowman,
Where did my snowman,
Where did my snowman go?
Did he go to Iceland?
No, no, no!
Well, did he go to Snowland?
No, no, no!
Where?
Where?
Where?
Where?
Where did...?

I can see his pipe and topper as they lie there in the snow.
Where did my snowman,
Where did my snowman,
Where did my snowman go?
I've been asking Ma and Poppa but they said they didn't know.
Where did my snowman,
Where did my snowman,

Where did my snowman go?

Only yesterday I met Jack Frost and knew there'd be a storm,
So I lit a little fire just to keep my snowman warm.

Did he slide back home to Snowland to become an Eskimo?

Where did my snowman,

Where did my snowman,

Where did my snowman go?
