

Free Money

Patti Smith

Am G F G (2x)

Am G F G

Every night before I go to sleep

Am G F G

Find a ticket, win a lottery

Am G F G

Scoop the pearls up from the sea

Am G F G

Cash them in and buy you all the things you need.

Am G F G

Every night before I rest my head

Am G F G

See those dollar bills go swirling 'round my bed.

Am G F G

I know they're stolen, but I don't feel bad.

Am G F G

I take that money, buy you things you never had.

A G F G Am G

Oh, baby, it would mean so much to me

Am G F Em G Am

Oh, baby, to buy you all the things you need for free.

Am G F G

I'll buy you a jet plane, baby,

Get you on a higher plane to a jet stream

And take you through the stratosphere,

And check out the planets there and then take you down

Deep where it's hot, hot in Arabia, babia, then cool, cold fields of snow

And we'll roll, dream, roll, dream, roll, roll, dream, dream.

When we dream it, when we dream it, when we dream it,

We'll dream it, dream it for free, free money,

Free money, free money, free money, free money, free money, free money.

Every night before I go to sleep

Find a ticket, win a lottery.

Every night before I rest my head

See those dollar bills go swirling 'round my bed.

Oh, baby, it would mean so much to me,

Baby, I know our troubles will be gone.

Oh, I know our troubles will be gone, goin' gone

If we dream, dream, dream for free.

And when we dream it, when we dream it, when we dream it,

Let's dream it, we'll dream it for free, free money,

Free money, free money, free money,

Free money, free money, free money, free.
