Don't Gamble With Love

Paul Anka

Don't gamble with love It's only for fools So play by the rules Don't gamble with love

Oh, don't gamble with love You'll lose it for sure There'll be no cure When you gamble with love

You can gamble your house, gamble your car Gamble your hopes, just as far As the stars up above Why don't you gamble with love

Oh, don't gamble with love It's only for fools So play by the rules Don't gamble with love

Oh, don't gamble with love It's only for fools So play by the rules Don't gamble with love

Don't gamble with love Don't gamble with love Don't gamble with love
