If You Love Me (Really Love Me)

Paul Anka

If the sun should tumble from the sky If the sea should suddenly run dry If you love me, really love me Let it happen i don't care

If it seems that everything is lost I will smile and never count the cost If you love me, really love me Let it happen i don't care

Shall i catch you surely star? Shall i bring it where you are? If you want me to, i will You can set me any task

I'll do anything you ask
If you only love me still
But, at last, our life on earth is through
I will share eternity with you

If you love me, really love me Then, whatever happens, i won't care.
