

# Oh! Carol

Paul Anka

Oh Carol I am but a fool  
Darling I love you  
Though you treat me cruel  
You hurt me and you make me cry  
But if you leave me  
I will surely die

Darling there will never be another  
'Cause I love you so  
Don't ever leave me  
Say you'll never go  
I will always hold you for my sweetheart  
No matter what you do  
Oh Carol I'm so in love with you

Spoken:

Oh Carol I am but a fool  
Darling I love you  
Though you treat me cruel  
You hurt me and you make me cry  
But if you leave me  
I will surely die

Darling there will never be another  
'Cause I love you so  
Don't ever leave me  
Say you'll never go  
I will always hold you for my sweetheart  
No matter what you do  
Oh Carol I'm so in love with you
