

# How Faithful

Paul Baloche

No matter the waves  
No matter the storm  
No matter the rain  
Your peace is sure

No matter the depths  
No matter the heights  
No matter the weight  
Your heart is kind

How faithful, how faithful  
How faithful, how faithful

You never stop being good  
You never stop being true  
You never stop holding onto me  
You never stop being good  
You never stop being true  
You never stop holding onto me

No matter the doubt  
No matter the fears  
Whatever the hurt  
Your love is near

How faithful, how faithful  
How faithful, how faithful

You never stop being good  
You never stop being true  
You never stop holding onto me  
You never stop being good  
You never stop being true  
You never stop holding onto me

My hope, my confidence  
My faith, my trust in this  
You don't forget Your promises

My hope, my confidence  
My faith, my trust in this  
You don't forget Your promises

My hope, my confidence  
My faith, my trust in this  
You don't forget Your promises

My hope, my confidence  
My faith, my trust in this  
You don't forget Your promises

You never stop being good  
You never stop being true  
You never stop holding onto me  
You never stop being good  
You never stop being true  
You never stop holding onto me

How faithful, how faithful  
How faithful, how faithful
