

Just Say

Paul Baloche

I will lay me down
Here at your feet
Save me from myself
Calm the raging seas
You will be my ark
That floats me up above the storm

Just say
Just say the word
Just say the word
I'll be made whole
Just say
Just say the word
Just say the word
I'll be made whole

Hear my humble prayer
Help my unbelief
Speak to me your hope
Jesus, carry me
You will be my ark
That floats me up above the storm

Just say
Just say the word
Just say the word
I'll be made whole
Just say
Just say the word
Just say the word
I'll be made whole

Just say
Just say the word
Just say the word
I'll be made whole
Just say
Just say the word
Just say the word
I'll be made whole

Your goodness, your mercy will rescue me
Let your power, your blood wash over me

Just say
Just say the word
Just say the word
I'll be made whole
Just say
Just say the word
Just say the word
I'll be made whole

Just say
Just say the word
Just say the word
I'll be made whole

Just say
Just say the word
Just say the word
I'll be made whole

I'll be made whole
