Keep My Heart

Paul Baloche

Keep my heart tender before you, lord Able to hear your voice and follow Keep my heart yearning to know you more Eager to hear your word and obey Keep my heart, flowing in your direction lord

Keep my heart, holy light, so innocent and undefiled King of love, lord most high, so beautiful and bright

Morning star, keep my heart

Keep my heart, holy light, so innocent and undefiled King of love, lord most high, so beautiful and bright Morning star, keep my heart

Keep my heart
