

What a Good God

Paul Baloche

Each time I doubt Your goodness
You show me You are with us
Your presence makes the difference
I've seen it every time

What a good God
Bringing me back to life
Opening up my eyes
God of every blessing
Standing by my side
Calling me by name
I won't be afraid
Faithful to Your promise
You will make a way

No wall can stop Your kindness
No place Your love won't find us
Mercy is right behind us
I've seen it every time

What a good God
Bringing me back to life
Opening up my eyes
God of every blessing
Standing by my side
Calling me by name
I won't be afraid
Faithful to Your promise
You will make a way
You will make a way

I've seen it, I've seen it
I've seen it every time
I've seen it, I've seen it
I've seen it every time

You're faithful, You're faithful
You're faithful every time
You're faithful, You're faithful
You're faithful every time

I've seen it, I've seen it
I've seen it every time
You're faithful, You're faithful
You're faithful

What a good God
Bringing me back to life
Opening up my eyes
God of every blessing
Standing by my side
Calling me by name
I won't be afraid
Faithful to Your promise
You will make a way
Calling me by name
I won't be afraid

Faithful to Your promise
You will make a way

I've seen it, I've seen it
I've seen it every time
I've seen it, I've seen it
I've seen it every time

You're faithful, You're faithful
You're faithful every time
You're faithful, You're faithful
You're faithful

You're faithful
You're faithful
You're faithful
