

Feelings Of Grief

Paul Kelly

Feelings of grief
Breaking over me
Wave after wave like the rolling sea
These feelings of grief

Time without end
I'm gonna miss you, my friend
How do you suppose this world will ever mend
Or this heart play again?

I go about my day
There's always somebody to pay
And they just won't go away
Nor will these feelings of grief

Feelings of grief
Blinding me with tears
All that's dear piece by piece disappears
And all that remains are these feelings of grief
