

# Foggy Highway

Paul Kelly

I'm on a foggy highway  
I'm on a lonely road  
I can't see the way ahead  
I'm on a foggy highway

Don't know just why I'm out here  
Don't know just how I strayed  
The road behind me is long and dark  
I'm on a foggy highway  
Cold my heart  
Cold the ground  
And my way is darkest night  
Not a word  
Not a friend  
To help or guide me  
To walk beside me tonight

I'm on a foggy highway  
I'm on a lonely road  
I'm not long for this world  
I'm on a foggy highway
