

Little Bit O' Sugar

Paul Kelly

I want some sugar now
Sure could use a little sugar now
Won't you give me some of your sugar now
I sure do like that sugar now
I don't mind begging, mmmm
Please, some sugar now
Just want a little bit o' sugar now
On my knees for sugar now
Saying please for the sugar now
A little cup of sugar
Sweet, sweet sugar now? it's all I want, it's all I need
Searching for some sugar now
Begging for your sugar now
Won't you give me some of that sugar now
I sure do like your sugar now
I just want sugar, some of that sugar now
It's all I want, it's all I need
Mmmm, some of that sugar now
Don't give it to the neighbour now
Just a little spoonful
A little spoon of sugar now
It's all I want, it's all I need
