

## Little Decisions

Paul Kelly

Hard times are never over  
Trouble always comes  
Still I'm looking forward

To tomorrow when it comes  
I've done a little damage  
To myself, I didn't care  
There are things a man can't manage  
And that's the devil's share

Little decisions are the kind I can make  
Big resolutions are so easy to break  
I don't want to hear about your big decisions

Work a little harder  
Keep your mind on death  
Get your things in order  
Take a deeper breath

If drinking is the problem  
Then drink a little less

If guilt becomes a burden  
Find a friend, confess

Little decisions are the kind I can make  
Big resolutions are so easy to break  
I don't want to hear about your big decisions
