

Growing Up Falling Down

Paul McCartney

We were growing, time was going so fast
Without knowing, we were growing up fast

We were lying down, in the shade
I remember the love we made

We were lying down, on the bed
I remember the tears we shared

We were growing, time was going so fast, (Growing up)
Without knowing, (Falling down) we were growing up fast (Growin
g up, Falling down)
(Growing up, Falling down)

We were laughing to, we were so
I remember the fun we had
We were crying loud, with the pain
We will never be here again

Growing up, falling down
