Killer Wants to Go to College II

Paul Simon

[SAL]

I know you're trying to protect me Searching for another truth With your language and your poetry From my ignorance and youth

Hey I did not come to argue
My life never made much sense
I just wish that I could hug you
You're my only defense

I don't understand your writing
I could barely sign my name
All I ever learned was righting
But I'm not the only one to blame

The streets were dark with danger I have to stand up for my friends In a land where I'm a stranger And the hatred never ends
