

## All Year Round

Paul Weller

Our eyes meet across the floor  
We don't have to say much more  
Lets take a chance on it  
Say you'll be mine till Spring  
We kiss on crowded streets  
We kiss everytime we meet  
Who knows how it will go  
Stay here till summer comes

I love you more each day God sends  
Love you because you are my friend  
Oh, don't say our luck has blown  
Oh stick with it till autumn goes

Lets make love in the light  
Sleep together every night  
Oh, with dark days all about  
Oh, lets stay together, see the winter out
