

Green

Paul Weller

Take off my nothing inside
Take off my nothing inside
Green green green green
Temple, green, your simple guide
Bubble back in young beat
Glad, their rights
And this the far and
The quite time
Fake it, take it, leave it, feel it
Fake it, take it, leave it, feel it
Fake it, take it, leave it, feel it

Fake it, take it, leave it, feel it
Fake it, green, take it, green,
Leave it, green, feel it,
Green green, green, green
