

# Out of the Sinking

Paul Weller

Past midnight's hold, the world's awaiting  
I'll wait for your love, but I close my eyes  
As there's pain, too in paradise  
Dear brothers

Hey baby say, thats what you're thinking  
Know, I know it  
Yea, feel I'm sinkin', know I feel it  
I know you feel it too  
Across the water, there's a boat that  
Will take us away  
Yeah, yeah, yeah

It is shining for me  
All I needed to be  
But I can't find the key  
But to make me believe

Late at night, the world is dreaming  
Way past the stars, and ignore our fate  
All twinkle too late to save us  
Save ourselves

Hey baby do just what you're thinking  
Know, I know it, yea, if I'm sinking  
Know I feel it, I know you feel it too  
Across the water, there's a boat that  
Will take us away

Out of the sadness  
Far from the madness  
Into sunlight, out of the sinkin'  
Know I feel it, I know you're feelin' too  
Across the water, there's a boat that  
Will take us away  
There we will stay  
Yeah, yeah, yeah

Hey  
I can't find the key
