

# The Cranes are Back

Paul Weller

The cranes are back  
Say the cranes are back  
Go tell your momma  
Tell her spread the news

Tell 'em that the cranes are back  
There ain't no chains on my back  
There ain't no chains on my back  
There's only joy that freedom brings  
Tell 'em that the cranes are back

Been a long time making a show  
And all this winter going so slow  
Cause a kind reaction so  
We could feel the love once more

They're all flying back  
They're all flying back  
Come see the sky  
Hear the people cry  
Get running, say the cranes are back  
Cranes are back

Been a long time making a show  
And all this winter going so slow  
Form a kind revolution so  
From that hope and a new world born

Pick ourselves up off the floor  
Try to heal the land once more  
Cause a kind reaction so  
There would be some hope in the world

It's been a long time making a show  
Crops and water plentiful  
Babies washed up on the shore  
War and hatred more and more  
Start a kind revolution so...
