

## How Can You Like Him?

Paul Westerberg

Come and feel me tremble  
Feel my marrow in the bone  
Anyway, you ain't gonna see anyone else home  
Now you ain't wanna see anybody but me  
I ain't gonna see any how...  
How can you like him better than me?  
How can you like him?  
After all, it's me  
How can you like him any better than me?  
Any better

Come and feel me tremble  
Feel me rumble in the cold  
Bring a thimble and I'll pour my thoughts out  
I tear my hair out  
You ain't going anywhere without me by your side  
You ain't gonna see any how...

How can you like him better than me?  
How can you like him?  
After all, it's just me  
How can you like him any better than me?  
How can you like him?  
You're still mine, can't you see?  
How can you like him better than me?  
You're still mine, can't you see?  
How can you like him any better than me?
