

# Mannequin Shop

Paul Westerberg

You look fine a little strange, been working out? Losing weight?  
You got that hunger and I can see  
You're looking younger than you're supposed to be

One little nip, one little tuck ohhh you're looking hip  
You never never stop  
Chop chop mannequin shop  
The mannequin shop

You look bitching you look taut  
I'm a itchin to know what was bought?  
Are those yours? Are those mine?  
Are they paid for? It's a lie

One little nip, one little tuck ohhh you're looking hip  
You never never stop  
Chop chop mannequin shop  
The mannequin shop

You're looking great  
You're losing face  
You're looking fine

You've got the face that you chose  
Honey, can you spare a nose?

You're looking great  
You're losing face

You look fine a little strange, been working out? Losing weight?  
Are those yours? Are those mine?  
Are they paid for? It's a lie

One little nip one little tuck ohhh you're looking hip  
Good enough to
