

Roll It

Paula DeAnda

Drinking and smoking
It get me open
I'm stuck on your vibe
If you hit it right
Then you won't be choking
Grinding it up, breaking it down
Then we get to floating
Damn it's so potent
Watch how I roll it

You're my type of strain, my type of guy
I been feeling good, you get me high
Let's take a hit before we end the night
I've gotta stay fly

You on my mind, I am a dime
Session with me, we're gonna climb
Prop 64, it's not a crime
Baby don't run out of time

'Cause I wanna be with you
Make sure you bring it through
You know what I'm tryna do
Got these cookies just for you

Drinking and smoking
It get me open
I'm stuck on your vibe
If you hit it right
Then you won't be choking
Grinding it up, breaking it down
Then we get to floating
Damn it's so potent
Watch how I roll it
Watch how I roll it
Watch how I roll it
Watch how I roll it
Watch how I roll it

Intoxicated from your touch
Twist the cap and pour it up
Take a sip, bottoms up
Ain't no hang over from this love

You on my mind, I am a dime
Session with me, we're gonna climb
Prop 64, it's not a crime
Baby don't run out of time

'Cause I wanna be with you
Make sure you bring it through
You know what I'm tryna do
Got these cookies just for you

Drinking and smoking
It get me open
I'm stuck on your vibe

If you hit it right
Then you won't be choking
Grinding it up, breaking it down
Then we get to floating
Damn it's so potent
Watch how I roll it
Watch how I roll it
Watch how I roll it
Watch how I roll it
Watch how I roll it
