

All Around The World

Paulina Rubio

All around the world
We're rocking, we're rolling like crazy, eh
All the way
All around the world
We jump up, we dance, we go crazy, eh
All the way

My body is shaking, can't stop it eh oh
This feeling is crazy, it's loco eh oh
Your body is popping, you love it eh oh
We ride in the same zone so let's go eh oh

Why try to fight it, we were made to be wild
All around the world
We're rocking, we're rolling like crazy, eh
All the way
All around the world
We jump up, we dance, we go crazy, eh
All the way

All around the world
We're rocking, we're rolling like crazy, eh
All the way
All around the world
We jump up, we dance, we go crazy, eh
All the way

Round, round, round, round, round, round, round, round
All around the world we're rocking like crazy
Round, round, round, round, round, round, round, round
All around the world we're rocking like crazy

Your hands on my body, I like it eh oh
I'm burning like fire, I'm sweating eh oh
I know that you need it, you want it eh oh
Cause I feel your heart going boom boom eh oh

Why try to fight it, we were made to be wild
All around the world
We're rocking, we're rolling like crazy, eh
All the way
All around the world
We jump up, we dance, we go crazy, eh
All the way

All around the world
We're rocking, we're rolling like crazy, eh
All the way
All around the world
We jump up, we dance, we go crazy, eh
All the way

Round, round, round, round, round, round, round, round
All around the world we're rocking like crazy
Round, round, round, round, round, round, round, round
All around the world we're rocking like crazy

All around the world
We're rocking, we're rolling like crazy, eh
All the way
All around the world
We jump up, we dance, we go crazy, eh
All the way

All around the world
We're rocking, we're rolling like crazy, eh
All the way
All around the world
We jump up, we dance, we go crazy, eh
All the way

Round, round, round, round, round, round, round, round
All around the world we're rocking like crazy
Round, round, round, round, round, round, round, round
All around the world we're rocking like crazy
