Go back to those gold soundz and keep my anthem to yourself Because it's nothing I don't like, is it a crisis or a boring c hange?

When it's central, so essential, it has a nice ring when you la ugh

At the lowlife opinions, and they're coming to the chorus now

I keep my address to yourself
'Cause we need secrets
We need secret cret cret crets
Back right now

Because I never wanna make you feel that you're social Never ignored soul, believe in what you wanna do And do you think that it's a major flaw when they rise up in the e falling rain

And if you stay around with your knuckles ground down, the tria l's over, weapon's found

So drunk in the August sun and you're the kind of girl I like Because you're empty and I'm empty and you can never quarantine the past

Did you remember in December that I won't need you when I'm gon e?

And if I go there, I won't stay there because I'm sitting here too long

I've been sitting here too long
And I've been wasted
Advocating that word for the last word
Last words come up, all you've got to waste
