

# A Hardly Innocent Mind

Pavlov's Dog

It really feels, it's alright, nobody's home at all  
It really sounds like I'm all around, and I just moved in  
I kinda like all kinds of stuff  
I even like you  
Already got a night light  
And I watched you turn it on

A hardly innocent mind  
Oh, innocent  
A hardly innocent mind  
Oh, innocent

Already know what we all know  
No one's ever here for long  
Can't really see what I'm all about  
I just moved in

It really sounds, some kind of wild sound  
And it's movin' on up, and it's movin' on up  
And it's movin' on up, and it's movin' on up  
And it's movin' on up, and it's movin' on up  
And I watch you turn it on

A hardly innocent mind  
Oh, innocent  
A hardly innocent mind  
Oh, innocent

A hardly innocent mind  
Oh, innocent  
A hardly innocent mind  
Oh, innocent

It really sounds, some kind of wild sound  
And it's movin' on up, and it's movin' on up  
And it's movin' on up, and it's movin' on up  
And it's movin' on up, and it's movin' on up  
And I watch you turn it on

A hardly innocent mind  
Oh, innocent  
A hardly innocent mind  
Oh, innocent

A hardly innocent mind  
Oh, innocent  
A hardly innocent mind  
Innocent

A hardly innocent mind
