

Falling in Love

Pavlov's Dog

I love to see you in summer
Then sometimes August just will never be found
Laughing, blowing kisses all about me
It was just your love that keeps me hanging around

Oh then it wouldn't be me just falling in love, falling in love
And it wouldn't be me just falling in love, falling in love

Tough luck if you're in it, try your best if your heart's not in it
And if you make up your mind, then you needn't waste any more time
But if it's not love for sure, then I won't need you anymore
Because it wouldn't be me just falling in love, falling in love
And it wouldn't be me just falling in love, falling in love

I'm not ready for love and baby hold my hand
And maybe walk me home tonight
I'm not ready for love, dear
Or maybe walk me home
I won't be home tonight
