

Lose your own

Pay money To my Pain

Tell me what I need to know
Can I flee this place and getaway from here?
Frustrated
Spinning in my head just like before
You're gonna live or die anyways

Ask me what you want to know
I'll tell you. Do you really wanna live this dream?
Something is wrong
I'll never be a rich ass shit, bullshit
Do you really wanna be?

Lose lose your own
Which way do you wanna fall?

Lose lose your mind
your're still trying to go

Lose lose lose your own
Which way do you wanna fall?

Lose lose lose yourself
Do you still wanna go?

No one try's to see the door of truth
Everything is a fucked up dream
No one try's to open the door
People afraid to a see the truth

Tell me what I need to know
Can I flee this place and getaway from here?
Frustrated
Spinning in my head just like before
You're gonna live or die

Ask me what you want to know
I'll tell you. Do you still wanna chase the dream?
Don't lose control
