

# All My Love

Peabo Bryson

You think he satisfies your mind  
But only says the things you wanna hear  
Love's not hard to find  
If you only want someone to hold you near

Don't give your heart unless you mean it  
Your tender love, then let me  
Somewhere behind, somewhere lost in time  
After love is gone, life goes on

Oh, please take care, my love  
You know that I will be there  
If you call, I'll be there in a minute  
Take care of my heart  
You know you're taking with you, all of my love  
All my love

Infatuated, like your style  
It's clear, always so smooth and debonair  
But it takes more, more than just a smile  
To calculate how much he really cares

Don't give your heart, he doesn't need it  
He'll take your heart and then he'll leave it  
Somewhere behind, somewhere lost in time  
After love is gone, life goes on  
Oh, please take care, my love

You know that I will be there if you call  
I'll be there in a minute  
Take care of my heart  
You know you're taking with you, all of my love  
All of my love, yeah

It's time to contemplate the things you say you feel  
Are you in love? Is it me or is it him?  
Oh, please don't hesitate if we're going to begin  
Just let me know right now how you really feel  
We'll find a way somehow, we can get over this

Take care of my love  
You that I will if you call  
I'll be there in a minute  
Take care of my heart  
You know you're taking with you, all of my love  
All of my love, all of my love  
Well, I'll be there, baby  
Don't you know you've got all of my love  
I'll be there, call my name, dial my number, baby  
Call on me, call on me, yeah, yeah  
Day and night, baby
