

# Crazy Love

Peabo Bryson

It's crazy  
Love is so crazy

We sit at the corner table  
With your hands caressing mine  
And the loud café noise  
Drowns out the sound  
Of our hearts simply beating in time  
Your eyes, they reach out to hold me  
And touch all I feel inside  
Never felt like this

What could it be  
How did it begin  
Crazy love, this crazy love

Sometimes I think of the way we met  
And all of the thing we shared  
Remembering the times  
We used to talk all night long  
And make love until dawn  
Seems like we were never strangers  
But lovers right from the start  
I never felt like this

What could it be  
How did it begin  
Crazy love, this crazy love

I can't explain how I'm feeling  
When you touch me  
Never knew before a sensation  
It's all I'm feeling  
Something that expressed when you're near me  
It's exciting  
I can't resist I lose all control

Time after time, girl, you never cease  
Too amazing  
It's the things you do when your loving me  
Drives me crazy  
Since I've fallen under the spell of  
Lovely madness  
I can't resist I lose all control

Never felt like this  
Crazy love, whoa-oh-oh...

Whoa-oh-oh-oh...  
Never felt like this  
Crazy love

What could it be  
How did it begin  
Crazy love, this crazy love  
How did it begin  
Crazy love

Crazy crazy love...
