

# Don't Make Me Wait

Peabo Bryson

Just what can I say sweet baby  
To let you know just how much I care  
More everyday  
Heaven smiled on me and answered my prayers

I look in your eyes  
And I lose all control  
You know that I fantasize  
About you and me and how it could be

So don't make me wait  
You know I hunger for your love  
Don't make me wait  
Hunger for your love  
I'm keeping my faith  
Every morning for your love  
Don't make me wait

I don't understand sweet baby  
What comes over me when I'm close to you  
I'm at your command  
Anything you ask you know I can do

I look in your eyes  
And I lose all control  
You know that I fantasize  
About you and me and how it could be

So don't make me wait  
You know I hunger for your love  
Don't make me wait  
Hunger for your love  
I'm keeping my faith  
Every morning for your love  
Don't make me wait  
For your love

Too weak to fight  
I need you baby  
I need you near me  
I got to have you there  
Can't sleep at night  
I got to have you there

I'm a very serious man  
And I need a very serious woman

(Don't make me wait)  
Don't make me wait  
(Don't make me wait)  
Don't make me wait  
(Keeping my faith)  
Got to keep my faith  
Know I go to keep my faith  
(Don't make me wait)  
Don't don't don't make me wait  
(Don't make me wait)

Sugar don't you make me wait  
(Don't make me wait)  
Crazy for your love, crazy for your love  
(Keeping my faith)  
Don't make me wait  
(Don't make me wait)
