

# Don't Touch Me

Peabo Bryson

There's a little bit  
Of heaven in your eyes tonight  
And if you think I should  
Girl, I'm gonna love you  
'Til the feeling is right  
But don't touch me  
Until you feel it  
And let's not make love  
Until you mean it  
Yeah, yeah, yeah

When you fall in love  
Don't sit back upon a shelf  
Selfishly, take a little for yourself  
And with each passing day  
Make sure that you don't forget  
Every fool in love needs some tenderness, yeah

There's a little something  
Special in my life tonight  
I can feel tremble from a feeling  
You cannot hide  
And I won't touch you  
Until I feel it  
Let's not make love  
Until we feel it, yeah, yeah

And when you fall in love  
Don't sit back upon a shelf  
Selfishly, take a little for yourself  
And with each passing day  
Make sure that you don't forget  
Every fool in love needs some tenderness

Whoa...  
(Needs some tenderness)

Well, I know that your trembling  
Well, ell, from a feeling  
Deep down inside  
But I won't touch you  
Until I feel it  
Let's not make love  
Until you mean it, yeah

Don't touch me  
Don't, don't, don't touch me  
'Til you feel it, feel it  
Feel it...
