

# Hurt

Peabo Bryson

I'm so hurt  
To think that you lied, lied to me  
So hurt, deep down inside over me  
You said our love was true  
And we'd never ever part  
But now, you want someone new  
And it breaks my heart

I'm so hurt  
Much more than you ever, ever know  
So hurt, because I still love you so  
Even though you hurt me  
Like nobody else could ever do  
I will never, never hurt you  
No, no

My, my, my, my, my  
I'm missing you, baby

Even though, even though you hurt me  
Like nobody else could ever do  
I will never, never hurt you  
No, no, I could never hurt you
