

# I Believe In You

Peabo Bryson

When I think of how it hurt  
I can't seem to find the words to say  
Love is more than just a word  
Love is now and yesterday

I believe in you  
You are that special part of me  
I believe in you  
All that will ever be  
Believe in me, too  
I believe in, in, in you  
And I believe in what I'm feeling

If that mountain seems too high to climb  
Remember love is on your side  
You don't have to be afraid  
Don't turn your face from my light  
I'm on your side, live or die  
I, I, I believe in, in love, love  
I believe in love, oh, love, yeah  
I believe in you

Come on, it's you, you, you  
You, you  
It's you

If that mountain seems too high to climb  
Remember love is on your side  
You don't have to be afraid  
Don't turn your face from, from my light  
I'm on your side, live or die  
I, I, I believe in, in love, love  
I believe in love, oh, love, yeah, love  
I believe in you  
Come on, it's you
