

# Let's Apologize

Peabo Bryson

After last night, I've got an achin' heart  
We had such a fight that you drove home  
There must be some good in bein' apart  
'Cause there ain't no good in bein' alone

'Cause the pain won't let me sleep tonight  
This can't go on, what's good about goodbye  
Come on, baby, let's apologize

Ooh, let's apologize, ooh-ooh-ooh  
Let's apologize, apologize  
Ooh, let's apologize, ooh-ooh-ooh

I said some things I didn't mean  
And you've said some things that hurt me too  
Now this cold war is like a bad dream  
Wish that I could wake up tomorrow with you

'Cause the pain is haunting me tonight  
We share the pain, there is no wrong or right  
I miss you so much  
Why can't we forget our foolish pride  
This can't go on, what's good about goodbye  
Come on, let's apologize, let's apologize

Ooh, let's apologize, ooh-ooh-ooh  
Let's apologize, apologize  
Ooh, let's apologize, ooh-ooh-ooh

Babe, I wanna know what you've been thinkin'  
I really wanna know (apologize)  
Babe, I wanna know what you've been thinkin'

Oh-whoa...  
Can't go on

And why can't we just say what's on our minds  
This can't go on, what's good about goodbye  
Come on, baby, let's apologize

And say what's on our minds  
This can't go on, what's good about goodbye  
Come on, baby, let's apologize

I can't go on, oh-oh-oh...  
I miss you so much  
Let's apologize

This can't go on, what's good about goodbye  
I miss you so much, let's apologize

And say what's on our minds  
This can't go on, what's good about goodbye  
I miss you so much, let's apologize...
