

Love Will Take Care Of You

Peabo Bryson

I wanna be the comfort in your life
I wanna be the one you're holdin' tight
'Cause you have cried and had sleepless nights livin' all alone
I wanna be the only one you love
And be the one you're always thinking of
The one you talk too late at night on the telephone

To have someone like you right here on earth
I have had to search
And never stop believing
That this dream would soon come true
Look in my eyes
One thing has brought me through
I was meant to be by your side
Once you see then you'll know

My love will take care of you
Outside in and inside out
Baby you don't have to doubt
My love will take care of you
Long as there's such a thing as time
I will take care of you

I wanna be there baby when you call
I'll be the one to catch you if you fall
'Cause I know what a heart feels like when you're on your own
I wanna show a friend ain't hard to find
And when I get you in these arms of mine
I'll carry you to a special place that'll be our home

And then I'm gonna make you smile somehow girl
'Cause I've made a vow
To appreciate you and respect your point of view
Are you surprised girl
By all the things I'll do
Don't hold back, baby open up
Just be mine 'cause you know

My love will take care of you
Outside in and inside out
Baby you don't have to doubt
My love will take care of you
Long as there's such a thing as time
I will take care of you

You know I can't deny
You are the one I need
I wanna be the love of your life

Look in my eyes
Oh what has brought me through
Is I know baby that you'll be mine
All good things gonna come in time, girl
Don't hold back, just open up my baby

My love will take care of you
Outside in and inside out

Baby you don't have to doubt
My love will take care of you
Long as there's such a thing as time
I will take care of you
