

Missing You

Peabo Bryson

The sun rises, and then it sets
Life is kinda funny, you never know what you get
I'm missing you, oh, I'm missing you
When it's time for the stars to shine
That's the time you're heavy on my mind
And I'm missing you, oh baby, I'm missing you

Just like the stars when they fall from Heaven
Like the tears when they fall from my eyes
I can't wait to see you again this side of Heaven
Can you see me here?
I wanna know, can you see me here?
Ooh...

Days are gone, and winter too
That was the last time that I held you
I'm still missing you, baby, I'm missing you
Sacred you are in my memories
Your smile, your laughter still haunt me
I remember you, and baby, I'm still missing you

Just like the stars when they fall from Heaven
Like the tears when they fall from my eyes
I can't wait to see you again this side of Heaven
Can you see me here?
I wanna know, can you see me here?
Can you really see me here?

I'm missing you
I'm missing you
Baby, I'm missing you
Still wanting you, oh
Still missing you, still missing you
My baby, still missing you, still needing you, still wanting you
u
I, I'm missing you
