

Split Decision

Peabo Bryson

I guess I've cried a million tears
I've talked it out and smiled behind my fears
Passing on the wisdom of these years
Every day we live can be the same
And the surest things in life are known to change

Just another split decision
Goin' 'round inside my head, well
Is it love that we're missin'
Don't you wanna try again, yeah

Whoa...

I guess you know by now I care for you
This time around might be the one
(Let's fall in love)
Don't move too slow to where you're goin' too
The surest things in life are known to change
And every day we live won't be the same

I can't imagine what it is
That makes it easier to take
And a heart to give
How an I to tell you what I feel
If I told you that I love you, would you stay
Do you think that maybe we'd find a way

Another split decision
Goin' 'round inside my head, well
Is it love that we're missin'
Don't you wanna fall in love again
(Try in again)

Tonight you're mine, you can't run away
Looks like my chance has finally come
(Love me tonight)
You might be different with the light of day
The surest things in life are known to change
And every day we live won't be the same

Another split decision
Goin' 'round inside my head, oh, well
Is it love that we're missin'
Don't you wanna try again...
