

# Spread Your Wings

Peabo Bryson

Spread your wings and fly  
Anyone can fly, yeah, yeah  
Spread your wings and fly  
All you got to do is try, try

Heaven shined her light on you, yeah  
Listen to her story  
All of your life, searching for a dream  
Don't let the world pass you by  
You've got to free your mind  
And you will find your dream  
Everyone's got a dream, yeah

Spread your wings  
Spread your wings and fly  
Fly, fly  
Spread your wings and fly  
Anyone can fly, yeah, yeah

Born one of the chosen few  
Heaven shined her glory  
Pay your dues, gifted and beautiful  
You're gonna make it anyway  
Keep your faith  
And never be afraid to try  
You can reach, reach the sky

Spread your wings and fly  
All you got to do it try  
Anyone, anyone can fly  
Spread your wings and fly  
Fly, fly

Yeah, gifted and beautiful

Spread your wings, fly away with me  
Fly away with me, yeah  
Spread your wings, fly away with me, well  
Spread your wings, fly away with me  
Get up and fly away, yeah  
Whoa-oh-oh...  
Spread your wings, fly away with me  
Born one of the chosen few, yeah  
Spread your wings, fly away with me  
Gifted and beautiful you are  
Spread your wings, fly away with me  
Get up, get up and fly, fly away with me  
Spread your wings, fly away with me  
Gifted and beautiful  
Spread your wings, fly away with me...
